**dj alæ** (neighborhood stunts; basel) belongs to the highly active players in the cultural sector of basel. besides djing he's in graphic design, hosting radio shows on the local & independent station "radio x" and runs a podcast series called "neighborhood stunts". coming from hiphop & breakbeats, dj alæ finally fell in love with house & techno. no matter what sound he promotes, the sound carrier of choice is strictly vinyl. his dj-sets therefore transport a particular awareness of quality that we share: welcome to the comfortnoise podcast! - in this show we as well welcome the streetartist **sierpinski stvan triangle** (zürich) who paints live on the walls of our tree park studio!
