- ambient afro dub over 2h/38m/34s
- by **lcp** (luana rec., re:st; bern) & **new.com** (comfortnoise, dxm, bold; zh)
- streamed on november 29th, 2014 over [www.livebeats.com](http://www.livebeats.com)
- download from [www.comfortnoise.com](http://www.comfortnoise.com) (mp3/224kbs/250mb)

our friend **lcp** (luana rec., re:st) from bern has been chasing records for one and a half decade now, and there seems to be no end in the foreseeable future. always into the cushy mind bending stuff, he's also a part of the semi-monthly radio show "unerhörtes - ungehörtes" on radio rabe. a broadcast that takes care of anything experimental or rather unusual. besides spinning weird sh\*t on the radio, he tries to support artists and feed their respective fans with the two small labels "luana records" and "relationreset" a.k.a "re:st". - this edition of our podcast will be literally home-made; a quiet and decent completion of a busy and moving year 2014.
